PETITION UNDER 37 CFR 1.137(b)

Attention: PCT Legal Staff
Mail Stop PCT
Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Sir:

This petition is in support of the Petition for Revival of An International Application for Patent Designating the U.S. Abandoned Unintentionally Under 37 CFR 1.137(b), filed herewith on Form PTO/SB/64/PCT (06-03).

The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

The petition fee of \$1,330 as set forth in 37 CFR 1.17(m) is enclosed herewith.

The proper reply (the missing 35 U.S.C. 371(c) requirements in the form of a Continuation Application has been filed previously on December 2, 2003.

Since the international application was filed after June 8, 1995, no terminal disclaimer is required.

Attorney for applicants intended to file the above-identified application on November 26, 2003, by mailing the application by US Postal Express Mail, which would have antedated the international filing deadline of November 29, 2003. The application was mailed by US Postal Certified Mail and arrived at the USPTO on December 2, 2003.

The unintentional delay was caused by error of mailroom personal in attorney for applicants' company. As evidenced by the enclosed copy of the Mailing Dept. Special Mail Request, the above-identified continuation application was to be mailed by US Postal Express Mail, which would have resulted in a filing date of November 26, 2003. Note the US Postal Express Mail No. EL047113685, written on the Mailing Dept. Special Mail Request form, matches the Express Mail Label No. listed on the enclosed copy of the Continuation Application Transmittal Form and the enclosed copy of the Certificate of Express Mail.

Due to holiday vacations, the mailroom was working short-handed and the normal personnel were not processing the mail. The inexperienced mailroom personnel mailed the above-identified continuation application by US Postal Certified Mail, as evidenced by the enclosed copy of the US Certified Mail return receipt and the enclosed copy of the Certified Mail FirmBook PS Form 3877. The highlighted section on page 2 of the Certified Mail FirmBook identifies the above-identified application and the highlighted postmark on page 3 evidences that the application was mailed on November 26, 2003. As a result, the above-identified application was received at the USPTO, and therefore filed, on December 2, 2003, as evidenced by the enclosed copy of the Acknowledgement Card.

It is respectfully requested that the above-identified patent application be revived as being unintentionally abandoned.

Respectfully submitted,
